## 3 Composition/information on ingredients

- · Chemical characterization: Substances
- · CAS No. Description
- CAS: 93-51-6 2-Methoxy-4-methylphenol
- · Identification number(s)
- EC number: 202-252-9

## 4 First-aid measures

#### · Description of first aid measures

- General information: Immediately remove any clothing soiled by the product. Symptoms of poisoning may even occur after several hours; therefore medical observation for at least 48 hours after the accident.
- · After inhalation: Supply fresh air; consult doctor in case of complaints.
- After skin contact: Immediately rinse with water.
- After eye contact:
- Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor.
- After swallowing: Immediately call a doctor.
- **Most important symptoms and effects, both acute and delayed** No further relevant information available.
- Indication of any immediate medical attention and special treatment needed No further relevant information available.

# 5 Fire-fighting measures

- · Extinguishing media
- Suitable extinguishing agents:
- CO2, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam.
- Special hazards arising from the substance or mixture No further relevant information available.
- Advice for firefighters
- · Protective equipment: No special measures required.
- Additional information
- Cool endangered receptacles with water spray.

Collect contaminated fire fighting water separately. It must not enter the sewage system.

# 6 Accidental release measures

- · Personal precautions, protective equipment and emergency procedures Not required.
- Environmental precautions: Do not allow to enter sewers/ surface or ground water.
- Methods and material for containment and cleaning up: Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Dispose contaminated material as waste according to section 13.
- Protective Action Criteria for Chemicals
- · PAC-1:

Substance is not listed.

· PAC-2:

Substance is not listed.

### Trade name: 4-Methyl Guaiacol synthetic

PAC-3:

Substance is not listed.

· Reference to other sections

See Section 7 for information on safe handling.

See Section 8 for information on personal protection equipment.

See Section 13 for disposal information.

# 7 Handling and storage

• Precautions for safe handling No special precautions are necessary if used correctly.

- · Information about protection against explosions and fires: No special measures required.
- · Conditions for safe storage, including any incompatibilities
- · Storage:
- Requirements to be met by storerooms and receptacles:
- Please refer to the product specification and/or Certificate of Analysis for product storage requirements. Information about storage in one common storage facility: Not required.
- Further information about storage conditions: Keep receptacle tightly sealed.
- · Specific end use(s) No further relevant information available.

## 8 Exposure controls/personal protection

- · Control parameters
- · Components with limit values that require monitoring at the workplace: Not required.
- · Additional information: The lists that were valid during the creation were used as a basis.
- Exposure controls
- · Appropriate engineering controls No further data; see section 7.
- · Personal protective equipment:
- General protective and hygienic measures: Keep away from foodstuffs, beverages and feed. Immediately remove all soiled and contaminated clothing. Wash hands before breaks and at the end of work.
- Avoid contact with the eves.
- Avoid contact with the eyes and skin.
- · Breathing equipment: Not required.
- Protection of hands:

Protective gloves

The glove material has to be impermeable and resistant to the product/ the substance/ the preparation. Due to missing tests no recommendation to the glove material can be given for the product/ the preparation/ the chemical mixture.

Selection of the glove material should be based on consideration of the penetration times, rates of diffusion and the degradation

Material of gloves

The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer.

# 9 Physical and chemical properties

Information on basis abusis of area above in a	nuonortion	
Information on basic physical and chemical		
General Information	Molecular Weight: 138.17 g/mol	
· Physical state	Liquid	
· Color:	According to product specification	
· Odor:	According to product specification	
Odor threshold:	Not determined.	
Melting point/Melting range:	Undetermined.	
Boiling point/Boiling range:	220-221 °C (428-429.8 °F)	
· Flammability:	Not applicable.	
· Explosion limits:		
· Lower:	Not determined.	
· Upper:	Not determined.	
· Flash point:	Not applicable.	
<ul> <li>Decomposition temperature:</li> </ul>	Not determined.	
· pH-value:	Not determined.	
· Viscosity:		
· Kinematic:	Not determined.	
<sup>·</sup> Dynamic:	Not determined.	
Solubility in / Miscibility with		
· Water:	Not miscible or difficult to mix.	
<ul> <li>Partition coefficient (n-octanol/water):</li> </ul>	Not determined.	
· Vapor pressure:	Not determined.	
· Vapor pressure:		
· Density at 20 °C (68 °F):	1.097 g/cm³ (9.15447 lbs/gal)	
· Relative density	Not determined.	
Refractive Index		
· Vapor density	Not determined.	
<ul> <li>Particle characteristics</li> </ul>	Not applicable.	
• Other information		
· Appearance:		
· Form:	Liquid	
Important information on protection of health and the second s		
and environment, and on safety.		
· Ignition temperature:	Not determined.	
· Danger of explosion:	Product does not present an explosion hazard.	
· VOC content:	0.00 %	
voo content.	0.00 % 0.0 g/l / 0.00 lb/gal

- · Change in condition
- Evaporation rate

Not determined.

# 10 Stability and reactivity

- · Reactivity No further relevant information available.
- · Chemical stability

• **Thermal decomposition / conditions to be avoided:** No decomposition if used according to specifications.

- · Possibility of hazardous reactions No dangerous reactions known.
- **Conditions to avoid** No further relevant information available.
- · Incompatible materials: No further relevant information available.
- · Hazardous decomposition products: No dangerous decomposition products known.

# 11 Toxicological information

## · Information on toxicological effects

· Acute toxicity:

## · LD/LC50 values that are relevant for classification:

ATE (Acute Toxicity Estimate)

Oral LD50 630 mg/kg (ATE)

## CAS: 93-51-6 2-Methoxy-4-methylphenol

Oral LD50 630 mg/kg (ATE)

- Primary irritant effect:
- on the skin: No irritant effect.
- · on the eye: Irritating effect.
- · Sensitization: No sensitizing effects known.
- Additional toxicological information:
- · Interactive effects No interactive effects between components are known.
- Carcinogenic categories

## · IARC (International Agency for Research on Cancer)

Substance is not listed.

## · NTP (National Toxicology Program)

Substance is not listed.

## · OSHA-Ca (Occupational Safety & Health Administration)

Substance is not listed.

## · Alternative sources for toxicological information

No non-standard sources for toxicological information where used.

# 12 Ecological information

- Toxicity
- · Aquatic toxicity: No further relevant information available.
- Persistence and degradability No further relevant information available.
- · Bioaccumulative potential No further relevant information available.

• **Mobility in soil** No further relevant information available.

- Results of PBT and vPvB assessment
- · PBT: Not applicable.
- · vPvB: Not applicable.
- Other adverse effects
- · Additional ecological information:
- · General notes:

Water hazard class 1 (Assessment by list): slightly hazardous for water

Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.

## 13 Disposal considerations

· Waste treatment methods

· Recommendation:

Must not be disposed of together with household garbage. Do not allow product to reach sewage system.

- · Uncleaned packagings:
- Recommendation: Disposal must be made according to official regulations.

# 14 Transport information

4 Transport information	
· UN-Number · DOT, ADN, IMDG, IATA	Not Regulated

# 15 Regulatory information

- · Safety, health and environmental regulations/legislation specific for the substance or mixture · Sara
- · Section 355 (extremely hazardous substances):
- Substance is not listed.
- · Section 313 (Specific toxic chemical listings):
- Substance is not listed.
- · TSCA (Toxic Substances Control Act):
- ACTIVE
- · Hazardous Air Pollutants
- Substance is not listed.
- · Proposition 65
- · Chemicals known to cause cancer:
- Substance is not listed.
- · Chemicals known to cause reproductive toxicity for females:
- Substance is not listed.
- · Chemicals known to cause reproductive toxicity for males:
- Substance is not listed.
- · Chemicals known to cause developmental toxicity:
- Substance is not listed.
- · Carcinogenic categories
- EPA (Environmental Protection Agency)
- Substance is not listed.
- TLV (Threshold Limit Value)
- Substance is not listed.

## · NIOSH-Ca (National Institute for Occupational Safety and Health)

- Substance is not listed.
- · GHS label elements
- Pictograms on label shall be in the shape of a square set at a point and shall include a black hazard symbol on a white background with a red frame sufficiently wide to be clearly visible. The substance is classified and labeled according to the Globally Harmonized System (GHS).
- · Hazard pictograms

- · Signal word Warning
- **Hazard-determining components of labeling:** 2-Methoxy-4-methylphenol
- · Hazard statements
- H302 Harmful if swallowed.
- H315 Causes skin irritation.

------------------	---------

H319 Causes serious eye irritation. H317 May cause an allergic skin reaction.			
· Precautionary statements			
P210	Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.		
P280	Wear protective gloves / eye protection / face protection.		
P301+P312	If swallowed: Call a poison center/doctor if you feel unwell.		
P330	Rinse mouth.		
P305+P351+P338	If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.		
P501	Dispose of contents/container in accordance with local/regional/national/international regulations.		
· Chemical safety assessment: A Chemical Safety Assessment has not been carried out.
